No. 23048 C3/52 dated 7-10-1952.

Sub: Education - Fisheries Higher Ele. School -
Hejmadikodi - Bifurcation of Standard V -
and employment of an additional teacher of
Higher Ele. Grade - Proposals -

The fisheries Higher Ele. School at Hejmadikodi is a permanent Higher Ele. School with standards I to VIII. Instructions are being given efficiently in this school as a result of which it has secured good percentage of results in the E.S.L.C. Examinations during the last 3 years. The classwar strength and average attendance of the school are furnished below:

Standard.	Strength.	Attendance.
I A	26	21
I B	26	22
II A	28	23
II B	28	23
III A	26	18
III B	25	21
IV A	27	21
IV B	25	22
V	55	44
VI	48	37
VII	29	22
VIII	23	23

	---	----

At present 14 teachers (4 Secondary Grade and 10 Higher Ele. Grade teachers) are being employed in the school. They are handling the classes as follows:

3 Secondary Grade teachers are in charge of 3 Higher Ele. Standards (VI to VIII). One Secondary Grade teacher sanctioned in G.O.Ms.No.1069 Development dated 14-3-1952 is being employed to assist and give relief to the Headmaster who has to attend to his class work in addition to official correspondence and Supervision and take up the classes of teachers who are absent. The 9 Higher Ele. Grade teachers are in charge of 9 Sections of Ele. Standards of I to V. One Higher Ele. Grade Teacher works as a provocational instructor.

Standard V, with a strength of 55 with an average attendance of 44 is too heavy for a single teacher to handle and so it requires immediate bifurcation. As all the teachers now working have got full work, it is necessary to employ an additional Higher Ele. Grade teacher to take up the bifurcated class. As per rule 71 of the Madras Educational rules, there should be atleast one regular teacher for every 35 pupils on roll. According to this rule standard VI also requires bifurcation. But this need not be taken up this year, as it is understood that Standard VI will be opened shortly in the Board Ele. School at Moolky. In that case, some pupils who are attending VI standard of the Fisheries School are likely to leave the fisheries school and join the Board School as their residences are nearer to the Board School.
